MEMORANDUM FOR: CHIEF, TRD

SUBJECT: CIA Participation in FSI Course

1. Pursuant to arrangements agreed upon, the undersigned arrived at the Foreign Service Institute at 2 p.m. in order to introduce Mr. [] of the Director's Office, for the 2 o'clock lecture, Friday, 22 June 1951, at that school.

2. As Mr. [] had requested the undersigned not audit his class, arrangements to obtain an auditor delayed the undersigned until 2 o'clock. Upon arrival in Room 400, FSI, the undersigned was greeted by the Director of the school, who announced that Mr. [] had commenced his lecture.

3. By this action, Mr. [] precluded giving the introductory speech, which, while going under such title, in actual fact, serves as the means of giving security directions, i.e. requesting that no notes be taken and classifying the speakers and topics.

4. The undersigned asked the Director of the State course to request the FSI students to turn in any notes taken and to direct students to avoid any discussion of the course outside of class.
